

PADUCAH WATER TEMPORARY WATER SERVICE (HYDRANT METER) USER GUIDE

The following are the rules, regulations and charges for temporary water service from a fire hydrant (hydrant meter) from Paducah Water:

A. Meter Fees and Deposits

Meter Size	Connection Fee	Refundable Deposit	Total
5/8"	\$50.00	\$250.00	\$300.00
2"	\$100.00	\$1,500.00	\$1,600.00

B. Monthly Minimum Charge

Meter Size	Minimum Monthly Bill	*Gallons Included on Minimum Monthly Bill
5/8"	\$50.00	10,000
2"	\$150.00	30,000

**Usage over the minimum monthly gallons is billed at a rate of \$5.00 per 1,000 gallons.*

C. Monthly Billing

All customers with Hydrant Meters will be billed the minimum amount monthly. When the hydrant meter is returned, the meter will be read and usage determined. If the total usage exceeds the gallons allowed each month times the number of months, then excess usage will be billed at \$5.00 per 1,000 gallons.

D. Refunding of Deposits

Deposits are refunded when PW receives payment of the final bill *AND* if the meter is in good, working condition when returned. Damaged meters are repaired or replaced at the discretion of Paducah Water. See "Proper Meter Care" below.

E. Annual Hydrant Meter Inspection

Paducah Water requires that all hydrant meter be returned annually on the anniversary of the application date so that they can be inspected and the meter read.

F. Proper Meter Care

Meters must be removed from hydrants during freezing temperatures to keep them from rupturing. Busted or damaged meters will result in deposit forfeiture. *ALSO*, avoid placing a hydrant meter in a truck bed or on a trailer without securing it. This will cause damage and will result in deposit forfeiture.
